ONE OF THE POLK DIRECTORY LIBRARIES

This Little Library Can Answer 945,000,000 Questions

**MANY TRIPS AT YOUR FINGER-TIPS —
SAVE MANY MILES, MINUTES and DOLLARS**

There are over 500 of these directory libraries in the United States. They are installed and maintained by the Association of North American Directory Publishers as part of the service given to directory advertisers.

Think what this means to you in effort, time and money saved. You want to know the relationship of the signer of a letter to the firm he represents—the directory library has the answer; someone you vitally need to get in touch with in a distant city has moved; business addresses or firm names have changed—the directory library has the answer. Public officials have been replaced by new elections; location of real estate is desired—again the directory library holds the answer.

Of course you could write or phone for the data you desire, but maybe you don't know just who to approach—the directory library has the answer.

This service is free, for single reference, to the public.

INTRODUCTION

R. L. POLK & CO., publishers of the Astoria City and Clatsop County Directory, as well as more than 700 other city, county, state and national directories, present to subscribers and the general public, this, the 1946 edition of the Astoria and Clatsop County Directory.

Confidence in the growth of Astoria and Clatsop County's industry, population and wealth, and in the advancement of its civic and social activities, will be created as sections of this directory are consulted, for the directory is a mirror truly reflecting the community to the world.

The enviable position occupied by R. L. POLK & CO.'s directories in the estimation of the public throughout the country, has been established by rendering the best in directory service. With an unrivaled organization, and having the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Astoria and Clatsop County Directory will fulfill its mission as a source of authentic information pertaining to the city and county.

Five Major Departments

The several essential departments are arranged in the following order:

THE ALPHABETICAL LIST OF NAMES of residents, business firms and corporations for Astoria, Gearhart, Seaside, Warrenton and Westport is included in pages 15 to 324. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Astoria, Gearhart, Seaside, Warrenton and Westport, and the name, official personnel, nature and address of each firm and corporation in these cities.

THE ASTORIA DIRECTORY OF HOUSEHOLDERS, TENANTS OF OFFICE BUILDINGS, AND OTHER BUSINESS PLACES AND STREET AND AVENUE GUIDE, covers pages 325 to 372.

THE BUYERS' GUIDE, beginning opposite 372 and separately paged from 1 to 44, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Astoria and Clatsop County. These pages will be found particularly interesting and instructive to substantial purchasing factors. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best, and, as such, merits a survey of all buyers

eager to familiarize themselves with sources of supply. The community's activities in many interesting phases are authentically pictured. In an ambitious and progressive community like Clatsop County, the necessity of having this kind of information immediately available, is very great, and frequently pressing. General appreciation of this fact is evidenced by the liberal support the city directory enjoys in the many fields which it serves.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 373 to 429. This department lists the various manufacturing mercantile and professional interests in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community. "The Directory is the common intermediary between Buyer and Seller." As such it plays no small part in the daily doings of the business world. "More goods are bought and sold through the Classified Business Directory than through any other medium."

THE CLATSOP COUNTY RURAL ROUTES DIRECTORY, covering the routes served by the Astoria and Warrenton post offices, is included in pages 430 to 440.

Community Publicity

The directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site and as an educational center. To broadcast this information the publishers have placed copies of this issue of the directory in Directory Libraries, where they are rapidly available for free public reference, and serve as perpetual and reliable advertisements of Astoria and Clatsop County, for business men, everywhere, realize that the city directory represents a community as it really is.

The Astoria Directory Library

Through the courtesy of the publishers of the Clatsop County Directory a Directory Library is maintained in the offices of Astoria Chamber of Commerce for free reference by the general public. This is one of over 500 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the city directory as an advertising medium, with assurance that it will bring a commensurate return.

STATISTICAL REVIEW

Prepared by the Astoria Chamber of Commerce

Form of Government—City Manager.

Population—Present estimate: 15,000.

Area—6.557 square miles.

Altitude—20 feet to 600 feet.

Climate—Mean annual temperature: 51.9 degrees. Annual rainfall: 76.57 inches.

Parks—3 with 140 acres, valued at \$175,000.

Assessed Valuation—\$6,413,876; Tax Levy, 28.7 Mills.

City's Bonded Debt—\$1,800,000 or less.

Financial—2 banks.

Post Office Receipts—\$184,883.96 for year 1945.

Telephones in Service—5,000.

Churches—20, representing all denominations.

Building and Construction—Total valuation of building permits issued for period of 12 months: Jan. 1, 1945, to Dec. 31, 1945, \$478,040.00.

Value of Industries—Fish packing, \$30,000,000; dairy products, \$3,000,000; lumber, \$47,000,000; grass seeds, \$200,000; beef, \$100,000; vegetables, \$130,000; poultry, \$400,000; maritime commerce, \$1,000,000; boat building, \$400,000; medicinal oils and fish by-products, \$300,000.

Trade—Retail territory has a radius of 30 miles and serves 30,000 people. 262 establishments with sales of \$8,000,000.

Newspapers—1 daily, 2 weekly.

Hotels—9 principal with a total of 450 rooms.

Bus Lines—Oregon Motor Stages and Astoria Transit Co.

Railroads—1, Spokane, Portland & Seattle Ry. Co.

Highways—Terminus of US No. 30, US No. 101, State No. 202.

Airports—1, municipal.

Recreation—3 golf courses, beach resorts, 3 theaters, 3 night clubs, public swimming pool, city parks, tennis courts, soft ball diamond, fresh and salt water fishing, roller rink, rod and gun club, dancing and picnic facilities, USO building-auditorium seating 2,500 people.

Hospitals—2, with 217 beds.

Education—5 schools, including 1 senior high and 1 parochial. Number of pupils in public schools, 1,516; Parochial, 118; Teachers in public schools, 71; Value of School Property (Public only), \$620,262.00.

City Statistics—35 miles paved streets. Miles of sewers, 47.6; 2,730 water meters; 1,200 gas meters; 7,000 light meters; Capacity of water works (municipal), 6,000,000 gallons daily with daily average consumption of 4,000,000 gallons; 42.8 miles of mains and plant valued at \$1,009,009.85. Fire department employs 16 men, with 1 auto, 2,500-gal. pumpers, 1 triple combination machine, three hose and chemical wagons and 1 hook and ladder truck in 3 station houses. Value of fire department real estate and equipment, \$130,000. Police department has 16 men with 1 station and 3 pieces of motor equipment. Value of police department real estate and equipment, \$40,000, plus two-way radio.

HISTORICAL IMPORTANCE

Astoria and Clatsop County are rich in historic interest and importance. Early events occurring here had far reaching effects, eventually resulting in Oregon and the Pacific Northwest becoming a part of the United States instead of the possession of a foreign power.

Urged on by the desire to find a fabled "Northwest Passage" by water across the North American continent, Spanish and British explorers had sailed along the Oregon and Washington coastline, but the Columbia River was not discovered until 1792, when Captain Robert Gray of Boston entered the river and named it after his ship, the "Columbia."

In 1804, President Jefferson appointed Captains Meriweather Lewis and William Clarke to head an expedition across the western plains and mountains to the Pacific Ocean. Lewis and Clark explored the Lower Columbia region and spent the winter of 1805-1806 at Fort Clatsop, near Astoria.

In 1810, John Jacob Astor of New York organized the Pacific Fur Company to engage in the fur trade on the Columbia River. This company sent the ship "Tonquin" by sea and another party overland, the two to meet at the mouth of the Columbia River. The men in the "Tonquin" arrived at their destination in March, 1811, and built Fort Astoria, the first permanent American settlement on the Pacific Coast. After many hardships and loss of

lives the overland party arrived in the winter of 1811. Due to the War of 1812 and the loss of relief ships, the fort passed into possession of the British, but was restored to the American flag in 1818.

During the following decades Astoria was the goal of traders, explorers, missionaries and pioneer settlers, and on the shores of the Columbia are the last resting places of many of these early intrepid adventurers. These historic events are illustrated on the pictorial frieze surrounding the main portion of the Astor Column, a concrete monolith 125 feet high, located on Coxcomb Hill, overlooking a scenic panorama of mountains, ocean and rivers. This unique monument is the only one of its kind in the United States and attracts thousands of visitors annually.

Astoria today is a modern city of about 15,000 population, the commercial, financial and shipping center of the Lower Columbia River district of Northwestern Oregon and Southwestern Washington. Most of the Astoria business district was rebuilt following a disastrous fire in 1922 and its stores and office buildings are a credit to a city of its size.

Astoria is the headquarters of the Columbia River fishing industry and along its waterfront are many plants engaged in canning, curing and freezing fish. Here is the largest flour mill in Oregon. Other manufactured products are butter, ice cream, powdered milk, lumber, veneer, fish oils and meal and a number of specialty products. Many of these plants are open to visitors.

Astoria's school system is housed in modern, well equipped buildings. The principal church denominations, leading fraternal organizations, patriotic societies and service clubs are represented in the city's social life. The finest turf athletic field in the state and other playgrounds provide facilities for many outdoor sports. Water sports enthusiasts find ideal conditions for motor boats and sail boats. The Astoria Annual Regatta and Salmon Derby is the outstanding water sports carnival of the Northwest.

At Astoria, is located the huge Tongue Point Naval Base, the second largest of its kind in the United States. The amphibious section of the 19th fleet is berthed here.

Astoria is located at the confluence of the Columbia River and Youngs Bay, about ten miles from the mouth of the river. The city is at the junction of two transcontinental motor routes—U. S. Highway No. 30, starting on the Atlantic Coast and ending at Astoria, and U. S. Highway No. 101, paralleling the Pacific Ocean from Mexico to Canada. Other modern, improved highways lead from Astoria into the farming and timber districts of the city's trade area. Passenger stage lines operate on all main highway routes. Railroad service is provided by the Spokane, Portland & Seattle Railroad Company, owned jointly by the Great Northern and Northern Pacific.

At the larger waterfront docks ocean liners load for ports around the world. A busy fleet of river craft carries passengers and freight between Astoria and Columbia River towns. Fast, frequent ferry services across the Columbia River connect the highway systems of Oregon and Washington.

Astoria's hotels, restaurants, garages and a modern retail shopping district furnish a complete, satisfactory service to the traveling public.

BASIC INDUSTRIAL RESOURCES

Astoria is the headquarters of the Columbia River fishing industry. Plants located in or near Astoria produce canned, frozen and cured salmon, fish meal and oil with an estimated value of \$30,000,000 annually. Salmon are caught by seines and nets in the Columbia River or by hook and line in the Pacific Ocean. A newly developed industry, steadily growing in economic importance, is the tuna fishing and packing industry. White meat albacore tuna are caught by deep-sea trollers beyond the mouth of the Columbia River in the Pacific Ocean, and the majority of salmon canneries have facilities for tuna canning also. Pilchards, used for fish meal and oil, are taken with purse seines by boats operating in the Pacific Ocean beyond the three-mile limit. About two thousand boats of various sizes and types are engaged in the Columbia River fishing industry.

Timber, several varieties, all growing to immense size, forms the basis of a large logging and lumbering industry in Clatsop County. Fir, hemlock, spruce, and cedar grow thickly on the slopes of the Coast Range. The logs are hauled by train or motor truck to tidal streams, then towed to Columbia River sawmills. There they are made into every kind of lumber or converted to other wood products, such as veneer, plywood, shingles, pulp and paper, eventually going to markets all over the world.

Agriculture—highly specialized, producing top quality, high value crops—is concentrated mostly along the Columbia River and its tributaries and in coastal river valleys. The principal dairy farms are stocked with disease-free herds of high producing agricultural activity. Dairying is favored by a long period of green pasture, large yields of root and forage crops.

Other important agricultural products are eggs, poultry, bent grass seed, cranberries, bulbs and vegetables. Fresh garden peas are shipped by carloads to eastern markets, where their exceptional quality brings high prices.

CLIMATE

The geographical location of Astoria produces a mild, equable climate, spring-like during most of the year. There are no extremes of heat or cold. Temperatures below freezing are usually of only a few days duration and there are no summer "heat waves" or drought periods. The average frostless growing season is nearly ten months. The mean maximum temperature in December is 43. The average annual rainfall is about 76 inches, most of which falls between November 1st and March 31st.

RECREATIONAL ATTRACTIONS

Astoria is at the center of a beach resort recreational area along the Oregon and Washington coasts north and south of the Columbia River. The Clatsop beaches offer the vacationist and tourist unequalled opportunity for rest and recreation. Southward from the Columbia River for thirty miles reach the smooth, surfwashed sands of the beaches, inviting pleasure seeking humanity to enjoy the variety of attractions with which Nature so richly endowed this section of Oregon.

Along this stretch of interesting ocean front are located the resort communities of Seaside, Gearhart and Cannon Beach. There are accommodations to satisfy any individual desire or fit any expense budget—modern hotels, comfortable cottages, auto courts or camping sites. The restaurants and markets offer all kinds of fresh sea food and garden vegetables.

The Pacific Ocean itself is the magnet for many visitors, with the invigorating tang of its salt breezes, the excitement of a plunge in its tumbling waves or the relaxation of basking in the sunshine on its clean, white sandy shore. The ideal summer weather is particularly delightful, with azure sky, soft days, always-cool nights calling for open fires and bringing deep restful slumber. Every season of the year has its own peculiar charms, showing ocean, streams, woods and mountains in a variety of moods and changing colors.

The Astoria Chamber of Commerce maintains an information service for tourists and others interested in Astoria and Clatsop County. Booklets, maps and other material are available free to inquirers.

SEASIDE

Miscellaneous Information

The City of Seaside is located on Clatsop Beach at the junction of the Necanicum and Wahanna rivers, 85 miles west of Portland via the Wolf Creek Highway. It is the terminus of the Spokane, Portland & Seattle Railway. Seaside is the most important beach resort in the Pacific Northwest on the Pacific Ocean. Seaside has a permanent population of 2,497 (1940 census), with as high as 20,000 during the summer months. Estimates of the permanent population in May, 1946, range from 5,000 to 6,000.

GEARHART

Miscellaneous Information

A Post Office on the Spokane, Portland & Seattle Railway; 15 miles southwest of Astoria, the County Seat, and 12 miles from Seaside, the banking point.

WARRENTON

Miscellaneous Information

The City of Warrenton with a population of slightly over 1,500 is located in the northwest section of Clatsop County. The city was incorporated in 1899 and operates under the City Manager plan of government. The Skipanon River, a navigable stream, is used by ocean going vessels for the transportation of lumber and by the local fishing fleet. This stream being located through the industrial district and directly connected to the Columbia insures a fishing industry and sea going commerce to all industries requiring it. There is a complete grade and high school system as well as adequate churches.

Railway transportation is by the Spokane, Portland & Seattle Railway. The present tax rate is comparable to other Clatsop County towns and is lowering each year. This coupled with the fact that Warrenton has some very desirable industrial sites to offer makes the future look good. The bonded indebtedness of the city has been reduced to the place where one more year will see the city completely debt free.

WESTPORT

Miscellaneous Information

A Post Office and station on the Columbia River and Spokane, Portland & Seattle Railway and Oregon Motor Stages, 71 miles northwest of Portland and 28 miles east of Astoria, the banking point. Clatskanie is also a banking point. It is a lumber center. Mail daily.

When You Want to Know:

- where a person lives.
- what his occupation is.
- who lives at a certain street number.
- where a street is located.
- the correct spelling of a name.
- the officers of a corporation.
- the partners of a firm.
- the solution to any of scores of problems that come up unexpectedly to annoy and baffle you.

—you can quickly find the answer in this Directory

The CITY DIRECTORY

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves a great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

ASTORIA, ORE.

POLK'S ASTORIA Directory of Householders

Occupants of Office Buildings and Other Business Places
Including a Complete

Street and Avenue Guide 1946

Copyright, 1946, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the streets are included in one list. The profession or business of individuals or firms is given only at their respective places of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled following the Named Streets.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The symbol Δ preceding the householder's name indicates that telephone service is in use at that street address.

The symbol (w) following a number indicates that the number is out of place on the street and that the house or building is located where it belongs in relation to adjoining houses, regardless of number.

BRINGS SATISFACTORY RESULTS

Airplane view of Astoria showing its location between the Columbia River on the north and Youngs River on the south.

Astoria and Clatsop County offer attractions for the homeseeker, tourist and vacationist.

Clatsop County agricultural products have earned national fame for quality.

Astoria is the center of the pic-

turesque and interesting Columbia River fishing industry.

Cool and refreshing ocean breezes bring thousands to Clatsop County beaches. All beach resorts are but a short drive from Astoria via the Oregon Coast Highway.

The huge Tongue Point Naval Base is located at Astoria. The second largest of its kind in the United States.

For information on Astoria and Clatsop County, address

COLUMBIA HOSPITAL

This fine Protestant Hospital is situated in a desirable locality. Each department is fully equipped and modern throughout. Only graduate registered nurses are employed and a selected staff of physicians assure you of skillful attention. Especially calling your attention to our obstetrical department. You will find the hospital cheerful and pleasing and ready to serve.

PORT OF ASTORIA

A Special Municipal District organized under a State law, authorizing the formation of Port Districts.

Boundaries—Identical with those of Clatsop County.

Governing Body—A Commission of five elected for four year terms.

Facilities—Three Piers located at Smith's Point, Astoria, extending to the main ship channel of the Columbia River on which there are warehouse sheds with 435,000 Sq. Ft. of floor area, a concrete grain elevator with 1,250,000 bushels storage capacity, total trackage of 11,125 Ft. and a railroad crane with 50 ton capacity. All three piers serve Foreign, Intercoastal, Coastwise and River Carriers.

The Port District operates a moorage for small boats adjacent to its terminal with space for 400 boats and also owns and is responsible for the management of Clatsop Airport which has an area of 440 acres, three runways 4000 to 6000 Ft. in length and a paved width of 200 Ft.

(1946) R. L. POLK & CO.'S CLATSOP

The Advertised and the Unknown

A perfect gentleman may be hidden beneath the rags of the homeless and nameless man who comes to your back door. It is possible, but not probable, for if he were, he would produce some identification.

In the stores, unknown and unadvertised goods that are offered may in the same way be of as good quality as the advertised articles, but if they are, would not the manufacturer be proud to make the facts known to the world?

The advertisements in these pages are those of business institutions who are glad to proclaim the articles they sell or the services they offer. Bring into your home only those articles whose merit is known and vouched for.

Read the Advertisements

The Guide Post to the City.

Is Never Further Removed From You Than the
Nearest City Directory

Anything and Everything you might wish to learn as regards the civic, social, commercial or industrial life and phases of the community is therein, at your finger tips, in a concise, correct, non-partisan, and detailed manner. The information is completely standardized in order that it may be just as easy for you to find what you wish to determine in any City Directory, as in the Directory of your own city.

For free access to the books of other cities visit the nearest City Directory Library. A list of the City Directory Libraries, together with a privilege card will be sent you upon request to

R. L. POLK & CO.

POLK DIRECTORY BLDG.

431 HOWARD ST.

DETROIT, MICH.

The Alphabetical Section---

A guide to the population, its activities and addresses.

The Buyers' Guide---

To the commercial, professional and industrial interests.

The Classified Section---

A guide to the many business interests, arranged under typical headings.

The Householders' Guide---

A guide to the streets and avenues and the residents and tenants thereon.

CITY DIRECTORY USES

1. SALES PROMOTION:

a. Sales Analysis—

Comparing present amount of business obtained in a given area with possible maximum business in that area. The Householders' Directory shows the classes of business located on a street, in office buildings, in sections of the city, etc. In checking up salesmen's calls on business in an assigned territory the directory presents a picture of how many places have not been reported upon, and shows a ready list of prospects for your goods or service.

b. Leads—

Determining proper official to approach for sales interview. The alphabetical listing for each business and professional concern, shows the names of the owners, partners or officers.

c. Selected districts—

Determining parts of city best suited for increasing business. The Householders' Street Directory shows the exact type of business or residences along each street of the city—and shows if the occupant of the home is the owner.

d. Building mailing lists and direct mail campaigns—

1. **List of local people (Neighborhood List)** within a given radius of Business location. On a city map, draw a circle to include the territory you wish to cover in your neighborhood list. From the map you can obtain the name of each street with intersections in the circle you have drawn. In the Householders' Street Directory you will find the correct name of the occupant at each house, or building on these streets. This will give you a 100% list of the territory desired.
2. **Lists of business houses and the professions**—The business directory at the end of the book classifies every business and profession according to the nature of the business. Complete lists such as doctors, lawyers, printers, garages, auto dealers, furniture stores, contractors, etc., can be found in this classified directory section.
3. **Vocational Lists**—Such as clerks, stenographers, telephone operators, carpenters, salesmanagers, purchasing agents, laborers, etc. The alphabetical directory shows the occupation of every individual in the city.
Run over the alphabetical pages—check marking the persons whose occupation is the one wanted for your list. This will give you a complete and accurate list for the entire city.

2. CREDIT:

a. Verifying customer's statements and information.

b. Information about customer.

Correct name, address, where employed and wife's name is given in the alphabetical directory for every individual. Whether he rents or owns home is usually shown in the Householders' Directory.

c. Determining character and stability of applicant for credit.

This directory gives his present occupation and residence. By referring to each yearly edition of the directory for the past few years, it is quickly determined whether the applicant holds the same job and residence, or flits from one job to another and one residence to another. After the new directory is delivered to you keep the old one on file. Never destroy it. You'll find old ones invaluable in checking your past records.

FOR EVERY BUSINESS

d. Identifying applicant and applicant's references.

The alphabetical directory gives complete information for each individual. (See Information about customer). The references given by the applicant for credit, can be identified in the same manner—who they are, what position they hold, etc.

e. Collecting accounts.

Tracing and locating debtor. Locating other members of debtor's family or relatives.

3. DELIVERY AND SHIPPING:

a. Routing—laying out route for delivery.

Use description of streets in the Householders' Street Directory, with an indexed map of the city for locating and laying out delivery route.

b. Obtaining correct addresses.

Where numbers on shipping instructions are not plain, or only street is given, the correct number can be found in the alphabetical or Householders' Street Directory.

c. Locating streets, buildings, un-numbered houses.

A full description of every street—with location is given in the Householders' Street Directory. When the address given is an apartment or building without street and number being given, the alphabetical section will give you the correct street and number for that building. Many buildings on streets are not numbered—or badly numbered—making it difficult to find the building wanted. The Householders' Street Directory shows the location of the buildings along the streets.

4. PURCHASING:

The complete classified business section in the back of this directory, makes available all sources of goods wanted; assists in selection of most reliable and satisfactory firms to deal with; the nearest companies to facilitate delivery of purchases, and determining the proper official or firm to deal with. The standard classified headings are complete and show all firms under the proper headings. There are many special headings marked with an asterisk (*) showing firms in display type. These firms are progressive and desire a more complete classified representation of their products.

5. GENERAL INFORMATION:

The Alphabetical Directory lists—Persons' full name and correct spelling, occupation, where employed, street address or residence, if married gives wife's name, head of house or roomer, renting or owns home. Lists all corporations showing officers, all partnerships showing partners, all individual business showing proprietor. All public officers, clubs, associations, etc.

The Householders' Street Directory shows every street—a description of its location, all occupations on each street, the ownership of the property and all intersecting cross streets.

The Classified Business Directory shows all business in the city arranged under heading most descriptive of the nature of the business.
